

Stephen Sicheng Liu

Email: sicheng.liu@temple.edu

<https://stephen.period-domain.com>

Education

- Joined 2023 **Temple University**, Philadelphia, US
Ph.D. student in Mathematics
Advisor: Matthew Stover
- 2019 – 2023 **National Tsing Hua University**, Taiwan
B.Sc. in the Interdisciplinary Program of Sciences
Programs of Mathematics and Physics, with distinction

Research interests

I have broad interests in low-dimensional geometry and topology, Lie groups, and complex algebraic geometry, while still exploring possible research directions.

Awards

- 2020-2022 Academic Excellence Award, National Tsing Hua University

Talks

- Sep 22, 2025 *Local Rigidity from Ehresmann's viewpoint*
Junior Groups/Geometry/Topology Seminar, Temple University
- Feb 19, 2025 *Characteristic classes via classifying spaces*
Junior Groups/Geometry/Topology Seminar, Temple University
- Oct 16, 2024 *Periods and Hodge structures of complex elliptic curves*
Junior Groups/Geometry/Topology Seminar, Temple University
- Sep 30, 2024 *Cyclotomic characters and compatible systems of p -adic Galois representations*
[Algebra Seminar](#), Temple University
- Sep 30, 2024 *Jacobians of compact Riemann surfaces*
Junior Groups/Geometry/Topology Seminar, Temple University

Oct 21, 2022 *Kontsevich deformation quantization in $\mathbb{R}^n$ and computation of weighted graphs*
Student Geometry Seminar, National Tsing Hua University

Teaching experience

2025, 2024 MATH 1019: Lab For College Algebra (*Instructor in record*)
2025, 2024 MATH 1022: Precalculus (*Instructor in record, Teaching Assistant*)
2024 MATH 0702: Intermediate Algebra (*Teaching Assistant*)
2023 MATH 1031: Differential and Integral Calculus (*Grader*)

Services to profession

Conference and seminar organization

June 2025 **GTA: Philadelphia 2025** (*Co-organizer*)
10th annual Graduate Student Conference in Algebra, Geometry, and Topology
2024 – **Junior Groups/Geometry/Topology Seminar** at Temple University (*Co-organizer*)

Conferences and workshops

July 2025 **2025 Summer Research Institute in Algebraic Geometry** at Colorado State University
June 2025 **Midwest Summer School in Geometry, Topology, and Dynamics**
at the University of Wisconsin–Madison
June 2024 **GTA: Philadelphia 2024** at Temple University (*Volunteered*)

Reading and research experience

Summer 2024 *Topic: Sheaves and Sheave Cohomology*
2022-2023 [2022 NCTS Undergraduate Research Program](#)
Topic: Lie infinity theory
2022 [2022 NCTS Undergraduate Summer Research Program](#)
Topic: Deformation quantization
